Vacant Delivery = Maximum Flexibility

One of the most valuable advantages a Newark 3-family can offer.

Move in Immediately

Owner-occupants can occupy any unit on day one — no waiting on tenants to vacate, no leasebacks to manage.

Lease at Market Rents

No legacy under-market rents to inherit. Every unit can be leased at today's true Newark market rate.

No Inherited Tenants

Clean slate. No leasebacks, no estoppels to chase, no negotiation with existing occupants.

Maximum Flexibility

Live-in-one, rent-the-others, or run it as a full-portfolio rental. The buyer chooses their play.

Parking — A True Newark Differentiator.

In Newark — and especially in the **Ironbound corridor** — on-site parking is one of the most sought-after and rarest features. 49-51 Crawford delivers **both a garage AND driveway parking**, immediately separating it from the majority of competing 3-family comps.

PRIVATE GARAGE
Enclosed, secure storage

DRIVEWAY PARKING
Additional off-street spots

RARE IN NEWARK
Most comps are street-only

WHY THIS MATTERS

Most comparable Newark / Ironbound 3-families offer street parking only.
Crawford offers protected, private parking — a meaningful premium driver.

Close to Ironbound Demand — Without the Congestion.

STRATEGICALLY CONNECTED

Crawford Street sits in a micro-location that captures the upside of Ironbound proximity — restaurants, retail, culture, and PATH access — while staying just outside the congestion zone.

Penn Station, the airport, and the regional highway network are all within minutes, giving every buyer profile — commuter, investor, family — what they need.

Commuter-friendly.
Investor-friendly. Owner-occupant friendly.
